**Acknowledgment of European parliament for taking the right step towards
human rights in iran.**

22-12-2020

Dear;

- Mrs. Ursula Von Der Leyen, President of the European Union,
- Mr. David Sassoli, President of the European Parliament,
- Mr Charles Michel, President of the European Council,
- Mr. Josep Borrell, Minister for European Foreign Affairs,
- Madame Marie Aréna, the president of the Human Rights Commission,
- Mrs Cornelia Ernest, president of the delegation for relations with Iran of the European Parliament,
- Copy for the presidents of the fractions of the European Parliament,

The European Parliament once again strongly condemned the Islamic Republic of Iran, with a majority of 614 to 12, for its blatant and gross violation of the Universal Declaration of Human Rights and the execution of young people.

As eminent representatives of democratic European countries, you have shown the whole world that humanity and human values are progressing and global solidarity is continuously strengthening. Your support echoes the lines of the great Iranian poet Saadi: " Of one Essence is the human race // Thusly has Creation put the Base."

As European citizens of Iranian origin, who have taken refuge in your countries from a totalitarian religious government, like all cultural and liberal Iranian people, whose culture is more than 2500 years old and which has the first charter of human rights, express our deepest gratitude to this humanitarian step.

We plead with you to continue to support the Iranian people in their struggle for democracy, secularism and for human rights. We expect you to put pressure on Iranian regime to release of political prisoners, stop torture and

executions during your economic, social, cultural and political negotiations.

The existence of a free, peaceful and independent Iran without nuclear weapons, guarantees the common interests of the nations of Europe and of the whole world in particular the nations of the Middle East and Iran.

The representatives of our organization in most European countries are ready to collaborate and explain the deplorable situation of prisoners and the gross violations of human rights in Iran, to the relevant institutions of the European Union and European member countries.

Kind regards,

Mr Faramarz Bahar, the periodic coordinator of the secular Iranian
Republicans in Europe
